Irma, Alberta, Canada, Friday, April 23rd 1920

\$1.50 Per Year in Canada; Foreign Countries \$2.00

QUALITY MERCHANDISE

With spring at hand we would like to call your attention to some of the really dependable lines of merchandise we have already here for you. We have made an honest endeavour to procure for you goods a little above the ordinary; and believe we have done so. It will be a pleasure indeed to have you call and look them over

THE QUALITY IS THERE, AND THE PRICES REASONABLE !

House of Hobberlin Clothing

When in need of a suit, a stylish suit, one fitted from top to bottom, with only the highest class tailoring, and the best of trimmings, a suit that

you need never be afraid to wear any place. A durable suit, with a perfect fit guaranteed you. Call and let us show you what we can offer.

Fine Shirts

For the man who has never worn an "Arrow" Shirt there is at least one more small pleasure in store. They fit so nicely these custom made shirts, lie nice and smooth across the shoulders, and never wrinkle below the neck band. When in need of a shirt that will both fit and look like something, we can supply you. Beautiful patterns and reasonable prices.

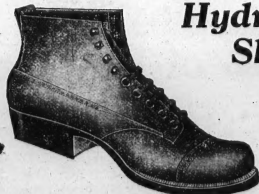

With working men's wearables high as they are, no one can afford to buy anything but the very best.

There is no need to buy a shirt a couple of inches too large in the neck to get the body size, in a GWG shirt. Every one is made big and roomy, they never bind across the shoulders nor under the arms.

Some men claim that pants are cheaper than overalls these days. A nice range of these Alberta made work pants priced **\$3.50—\$6.00**

Hydro City Shoes

Both in men's, women's and children's goods. This stuff is exceptional. Every pair of them nice easy fitting, and comfortable, and such wear.

The makers are so sure of this stuff, that with every pair we give you a full and absolute guarantee. If you are looking for a chance to really save money on your shoe bill, we can show you the way.

Staple Dry Goods

While we have been saying considerable about the quality of our staple dry goods, they really are so good it will bear repetition. We just know that when we once sell you some of this splendid stuff you will be just as enthusiastic over it as we are. It will pay you so well, you will just naturally wonder why you never bought them before.

English Romper Cloths
English Galateas
Double Weight Chambrays
Potters Perfect Prints
Domestic Galateas
" Drills
" Demins

They are all real goods, and money savers for you

Voiles

When in search of something nice for a summer, waist or gown, we would like you to just call and see what we have to offer you in the better class Voiles, Organdies, etc.

Beautiful sheer goods from Manchester, the class of stuff you do not always see. Dainty designs, and plain white goods all patterns woven in the cloth, not stamped, and such widths, —40-44 inches wide. They cut to such splendid advantage.

We know you can save some money, making these lovely things up. Three dollars invested in these piece goods will give you a waist that you cannot buy ready made for six.

BUSTER BROWN STOCKING

We have a most complete range of staple cotton hose, for summer in men's, women's, and children's. Early buying has given us a decided advantage here.

CELEBRATED
LITTLE DAISY
LAMBS' WOOL HOSIERY
FOR INFANTS

White Canvas Shoes

While it may seem just a trifle early, still we would like you to know we are prepared to fill your canvas shoe wants for the whole family. The celebrated "Virginia" brand of white shoes, made from the finest Sea Island Cottons, and Poplins. Shoes made on nice graceful lines, easy fitting and serviceable.

Women's Underwear

CUMFY-CUT VESTS, COMBINATIONS

(The underwear with the patent non-slip shoulder strap)

TRADE MARK

A range of Zimmerknit Goods, that are simply unbeatable

Men's Underwear
Men's Bathing Suits
Children's Jerseys
Children's Play Suits
Children's Hosiery

To appreciate the splendid values in these goods you must see them.

Hats

With such a nice range of these new spring blocks to choose from it will pay you

to call on us before buying

your new "Spring Bonnet." Up-to-the-minutes shapes in real Fur Felt Goods. Blacks, Browns Greys, Blues, Greens. A hat for everyone.

Caps

The most unobtrusive of men will immediately sense the difference between these really nobby caps, and the ordinary ones. We consider ourselves fortunate to be able to show you

this celebrated cap.

Every cap a model of

perfection in make,

and the very best possible

in material, all

silk lined, and priced

\$2.00—\$3.50

We want to show you real SERVICE. We believe in our goods. We are here to stand behind them

If something should be unsatisfactory, TELL US, we will adjust it

J. C. McFarland & Company, Irma, Alberta

Germans Prepare To Defeat More Red Intrigues

Berlin.—The government has succeeded in placing under arrest Major-General Baron Von Luttwitz, commander of the rebel forces in the Kapp revolt, the semi-official Wolff Bureau announced.

Paris.—The German government has decided to place guards around the government and other public buildings and has sent for 15 large tanks and 20 armored cars because of rumors of a new attempt to overthrow the government for the purpose of forming an alliance with Soviet Russia to declare war on France, according to advices from Berlin.

The Social-Democrats have issued an appeal, the advices add, calling upon adherents to register for defense of the republic against internal enemies, arms in hands.

Berlin.—Reports of continual reactionary intrigues are attracting great attention in the Berlin press.

The Tagblatt publishes an interview with Lord Kilnasherry, British charge d'affaires, in which the latter is reported to have said:

"I am convinced that a new military attempt would provoke the greatest indignation in England and the British government would repudiate it decisively. Every chance Germany has of obtaining help by way of food, raw materials and credit, would be spoiled by any acts of violence."

Peace Restored in Vladivostok

Tokio Announces Agreement Signed With Revolutionary Provisional Government

Tokio.—The war office announces that the provisional government in Vladivostok has signed an agreement accepting most of Japan's terms.

A war office communication says peace has virtually been restored in Vladivostok and that there were no casualties among the civilian residents. It adds that several minor engagements in neighboring towns were all stubbornly contested, but that all of them resulted in disarmament of the revolutionists.

A semi-official communication says General Semenov's troops are sweeping out the Bolsheviks in the region directly south of China.

Magazines May Be Suspended

New York.—Publishers of several periodicals of national circulation have decided to combine two issues in one in order to reduce the number of pages in each, because of paper shortage due to the railroad strike, it was announced. It was also announced that the leading magazines may have to suspend publication temporarily if conditions do not improve.

Denkine Will go to England

London.—The war office has announced that General Denkine, former anti-Bolshevik leader in southwestern Russia, who had previously been reported as leaving Constantinople for Malta, will instead proceed to England.

Strikers' Release Entirely Changed Policy of Ireland

London.—The release of the Irish prisoners was by direct order of General Sir Neville MacCreedy, and marks the beginning of an entire change in the Irish policy, according to a prominently displayed statement in the Daily Mail.

When it became clear some time ago, says the paper, that the policy of repression was leading to dissatisfactions, the premier decided to change the policy, and, if necessary, get rid of men associated with the regime. He suddenly and without warning told J. J. McPherson, chief secretary for Ireland, that he was to be moved to the pensions ministry, and appointed General MacCreedy in command of the troops without consulting the Irish office. General MacCreedy, adds the Mail, was instructed to inaugurate a new policy of conciliation and was given a free hand. In other words, he was to supersede the existing heads of the government in Ireland.

When General MacCreedy arrived in Dublin, he ordered the release of the

Raid on Dublin

Many People Have Been Arrested in Connection With Murder Of Kells

Dublin.—The labor executive has removed the embargo paid except on bacon, butter and live pigs. It entirely prohibits the exportation of bacon and pigs and urges the cessation of butter shipments until the price falls to three shillings per pound.

Monaghan and Londonderry were the only Irish counties where an abandoned barracks was not burned Easter Saturday.

Recent raids in Dublin were more exhaustive and detailed than any since Easter week, 1916. The police theory is that the murderers of Kells were three in number and that they lived in the neighborhood which was searched and immediately got shelter. Among the houses searched was the home of two of the released hunger strikers, the father and another relative of whom were arrested. Jarol's house, a quarter of a mile from the scene of the killing, also was searched. Several men of the night shift were arrested.

Bavaria Predicts

War With France

And For That Reason Germany Should Remain Solid

Frankfurt.—The Munich Post, a socialist organ, has created a sensation in Bavaria by publishing the report of a secret meeting of the Bavarian Junker Party, which was attended by most of the military officers. The meeting was presided over by Herr Von Schoch, president of the Patriotic League. The principle questions discussed related to the division of Germany into two parts and the proposed overtures to be made to France to join in an attack upon Prussia. Captain Berthold, says the Munich Post, objected to the proposals, saying that the Bavarian generals would suffer the fate of Admiral Kollek and General Denhike, the Russian anti-Bolshevik leaders. He added that another war with France was inevitable in the near future and for that reason Germany should remain solid. Several officers and politicians supported the view.

Nominate Convicted Leaders

Labor Party Decided In Favor Of Men Who Figured In Sedition Charges

Winnipeg.—A quelling the nominations made a fortnight ago, the Winnipeg Branch of the Dominion Labor Party, at a meeting in the Labor Temple, decided in favor of the ten men who had figured in the sedition charges being nominated for the Winnipeg seats at the provincial election in July.

These men are R. B. Russell, Rev. Wm. Ivens, Ald. John Queen, W. A. Pritchard, R. J. Johns, George Armstrong and R. E. Bray, who were convicted; John Farnell, who was imprisoned for seditious utterances; E. J. Dixon, M.P.A., who was charged with seditious libel and was acquitted; and J. S. Woodworth, who is facing a similar charge.

They will not all be the nominees of the Labor Party, however, as it was decided to confer with other working class organizations, such as the Socialist party, the Social-Democratic party, and the Ex-soldiers' and Ex-sailors' party, with a view to these organizations naming their own particular candidates. The Labor party will confine its nominees to those of the men who are members of the party, Ivens, Woodworth and Dixon.

Was Gun Sent to Germany

Ottawa.—Did Daniel D. Hennick, living in Logan, Ont., in 1910, offer the Canadian government gun patents of his own invention, and on no account being taken, did he sell them to the Imperial German government, is the information sought in a question before the house from A. L. Deslauriers, member for Champlain. The member also asks if Hennick is about to return to his home in Canada, after having spent the past eight years in Germany.

Quebec Wants More Revenue

Quebec.—In an effort to find more revenue to foot the city's growing expenditures, the Quebec city council is considering various plans of taxation. It is proposed to levy a 15 per cent. tax on all business enterprises and also to pad the property valuation so as to raise by a couple of millions the revenues of the administration.

Regina, Sask.—A survey of Saskatchewan by the provincial government at the request of the National Institution for the Blind reveals there are ninety blind persons in Saskatchewan.

Strikers Are Released For Treatment

Prisoners Say That Their Worst Hardship Was Uncomfortable Beds

Dublin.—It was officially announced that it is not intended to release all of the hunger strikers in Mount Joy prison unconditionally, but that an order has been issued that those requiring medical treatment outside the prison will be released on parole for periods to be specified in the case of each individual by the prison doctor.

After only four of the prisoners had been removed from Mount Joy prison, the government intervened with the conditions pertaining to the release of the hunger strikers after hospital treatment.

The prisoners refused the new terms. When a danger arose that there would be a refusal of further departure from the prison by the hunger strikers, the lord mayor again visited the vice-regal lodge with a view to having the order rescinded.

The lord mayor stated on his return that the prisoners would be released unconditionally.

The prisoners had refused to accept the stipulation on the ground that it was a re-application of the "eat and vomit" policy.

The release of the prisoners announced at five o'clock in the afternoon is regarded as a complete triumph for the hunger strikers and its ally, the general strike. It became known early that Viscount French had summoned the lord mayor, and that it was then only a question of terms.

It is not definitely known what the terms are, and for some days there may be contradictory statements regarding them, the trade unionists, however, have no doubt which side had won, and immediately called off the general strike, to the great relief of the citizens.

The prison board also received an order that henceforth under the Deeds of the Kralov Act, prisoners should receive ameliorative treatment from the date of their arrest, until their trial for a specific offence.

The visit to Dublin of James Henry Thomas, general secretary of the National Union of Railwaymen and Labor member of parliament for Derby, is regarded as having had some share in the decision for the release of some of the men.

It is said that an attempt was to have been made to bring about a strike in England in support of the Irish cause. Mr. Thomas made a speech from a window of the labor executive offices endorsing the action of the hunger strikers.

The absence of military from the streets was conspicuous. There were no tanks or armored cars posted at the jail, and the barbed wire barricades had been removed. The Irish volunteers resumed charge of maintaining order outside the prison and were implicitly obeyed.

The released prisoners in the Mater Misericordiae hospital say that the prison staff and ordinary officers at Mount Joy were kind in their treatment of them; their worst hardship was uncomfortable beds. They were indignant at two proposals made to them by the authorities, which implied that certain of the men should desert their colleagues. Their attitude was "all or none."

To Eliminate French Language

Orange Delegation Presented Petition To Nova Scotia Council

Halifax.—A delegation from the Grand Orange Lodge appeared before the council of public instruction and presented a petition pointing out that the French language had no official status in Nova Scotia and asking that it be absolutely eliminated, either as a medium of study or instruction in primary grades.

The delegation also expressed its disapproval of the present separate school system.

The council replied that the matter will be considered.

Russian First to Open Fire

Washington.—An official statement by the Japanese war office on recent events at Vladivostok arrived from Major-General Inouye, military attaché at the Japanese embassy, who says the Japanese sentries to disperse the Russian army and navy at the Siberian port was reached only after the Russians had opened fire on Japanese sentries and patrols, and attacked the Japanese marines supply train.

Twenty-Nine Wounded

Lisbon.—Twenty-nine persons were wounded when three bombs were thrown into a crowd during a demonstration here in a protest against the high cost of foodstuffs. Two syndicate workmen were arrested. During the demonstration cabinet ministers made speeches in response to the acclamations of the crowd.

Bonar Law Says No Change In Irish Policy

Suggests United States Try Canadian Plan Of Having An Investigation Before A Strike Is Permitted

Boston.—In a speech delivered at a luncheon here, Major-General Wood, referring to the Canadian plan of "having an investigation before a strike is permitted," he said: "In this way, Canada has built up a sound public opinion. We have not built up any public opinion here. We do not get the facts concerning strikes. The coal strike in Kansas, for instance, was a strike for longer working hours. The men were allowed to work only eighteen hours a week because there were no cars to move the coal and no place to store the coal, and they could not live on eighteen hours' work a week. That happens to have been the inside fact in that strike, yet nobody knew anything about it. The strike was something quite different, and so with the coal strike in West Virginia. We want to build up a sound public opinion here. Public opinion rules in this country."

Of Having An Investigation Before A Strike Is Permitted

Boston.—In a speech delivered at a luncheon here, Major-General Wood, referring to the Canadian plan of "having an investigation before a strike is permitted," he said: "In this way, Canada has built up a sound public opinion. We have not built up any public opinion here. We do not get the facts concerning strikes. The coal strike in Kansas, for instance, was a strike for longer working hours. The men were allowed to work only eighteen hours a week because there were no cars to move the coal and no place to store the coal, and they could not live on eighteen hours' work a week. That happens to have been the inside fact in that strike, yet nobody knew anything about it. The strike was something quite different, and so with the coal strike in West Virginia. We want to build up a sound public opinion here. Public opinion rules in this country."

May Break Relations

Russian Soviet and Poland Unable To Reach Agreement

Warsaw.—In rejecting further discussions regarding Borisov, on the Bernesina river northeast of Minsk, as the place for the proposed peace negotiations of Poland and Russia, the Russian Soviet government has sent a wireless message saying it considered the last note of the Poles in the nature of an ultimatum. "We are now standing face to face with the sad eventuality of breaking with Poland owing to the failure to agree upon the locality," the message says.

It reiterates that the Bolsheviks are ready to accept any neutral town and suggests the possibility of holding the peace conference in Paris or London. The message concludes by saying that Russia's only alternative has been to address England, America and France.

It is expected here that the entire note to Poland on the subject will be made public in a few days.

Fined For Having 22 Beaver Skins

Dawson.—A fine of \$500 was imposed here on Ole Samuelson by Judge MacAuley for having in his possession 22 beaver skins. Samuelson and his partner have arrived here from the Ledue district of White River with about \$25,000 worth of skins, including the beaver, some foxes and 230 martens. It is illegal to kill beaver in this territory.

Opium Sent As Eggs

Calgary.—Twenty tons of opium, valued at \$2,000 were seized by police here. The opium was sent by Montreal to a local Chinese firm and was secreted in a case of eggs. The police are trying to locate the owner.

Col. Morden Says Ottawa May Be Capital of Empire

Ottawa.—Addressing members of the Empire Parliamentary Association at a dinner in the Rideau Club, Col. Grant Morden, a member of the British House of Commons, declared that the idea that Canada, having become a nation within the British Empire, was strong enough to stand alone was not only a fallacious, but a dangerous view. Other speakers during the evening were Senator Foster and Hon. MacKenzie King.

Col. Morden scouted the idea that Britain had been ruined by the war. It was true he said, that Britain had a debt of eight billion pounds, but more than ninety per cent. of this was an internal debt and the balance was more than doubly covered by the loans made the allies. The country was exceedingly poor after the Napoleonic wars, as compared with today.

Colonel Morden paid a tribute to Lloyd George, who had proved himself a leader enabling Britain to win the war, and who was now showing

London.—Andrew Bonar Law, the government leader, in answer to questions in the house regarding the release of Irish hunger strikers from Mount Joy prison, stated that they had not been unconditionally released.

This statement contravened reports received from Dublin. Mr. Bonar Law also denied there had been any reversal of the government's policy, declaring that the present situation of the hunger strikers was similar to that of William O'Brien, alderman of Dublin, who was removed from jail to a hospital on March 26. Mr. Bonar Law said the government had declined to release O'Brien, but had expressed willingness to send him to a nursing home owing to his condition.

Mr. Bonar Law read a despatch from Viscount French, lord lieutenant for Ireland, as follows:

Following the O'Brien precedent, authority was given to the governor of Mount Joy prison to liberate any prisoners awaiting trial for deportation, who were found by doctors to be in imminent danger of death and requiring treatment which could not be given in prison. Under these orders 60 prisoners have been released on parole for a period differing in each case according to its particular nature. I should expressly state that mistakes have been made by the prison authorities, and some of the 66 were men who had been convicted, and were serving sentences, were in no case entitled to be released on parole. I think this should be expressly made known so that it may be understood that such action was taken in regard to the hunger strikers was based on the decision with regard to ameliorative treatment. Release on parole was never intended to apply to the case of the men who were convicted on trial.

John Robert Clynes, Labor, asked Mr. Bonar Law whether he could not think this a fitting occasion for some change in the government's Irish policy in the event the release of these prisoners produced a much improved situation in Ireland.

Mr. Bonar Law replied: "We shall be only too glad to change our policy if conditions change, but I cannot say anything more than that we must take every precaution in our power to protect life."

Traitors to Die

Marseilles.—Louis Boulle, who, in 1914, denounced to the Germans a French soldier, her neighbor, Michel Amede, was condemned to death by a court-martial.

Amede was executed a half an hour before an order for his pardon was received by the German officer to whose charge he had been remanded.

Potatoes Taken Off Menu

Seattle.—Potatoes selling here at \$200 a ton, have been put under the boycott of the Seattle Restaurant Association, and will disappear from the menu of the members' establishments until the price has again reached normal level. More than 100 Seattle restaurants are reported in the association.

himself a great statesman and master of reconstruction.

Co-operation and combination were being applied in industry in Britain with success. This might apply as well to the politics of the empire at large. If the capital and experience of the motherland could be combined with the resources of the overseas dominions, then there was a bright future in sight for all parts of the empire. The empire would be able to maintain her position as first in the world. Canada had the resources and if they were wisely developed, Col. Morden would not be surprised, he said, to see this Dominion and Ottawa, in many senses at least, the capital of the empire. A good government, which would protect the interests of all classes, was a necessity to induce people to come to Canada, and people were needed as well as capital to develop resources.

The "silken thread of sentiment" binding the Empire should be reinforced by the "golden chains of commerce."

BAR U AND NAMA KA FARM PERCHERONS

The largest stud of the Pure-bred Percherons in the World. The first Percheron-bred Farm established in Canada. The only firm on the American continent from which British horsemen have selected Percheron breeding stock to establish studs in Britain.

Do not let the British breeders come to Canada and carry off all our best foundation stock. Do not be satisfied with the cheap stallions brought in by irresponsible dealers and stallion peddlars from the United States, when you can buy the best individuals of the best breeding raised right here in Alberta by men that have been in the breeding business for 25 years, and expect to remain in the business. We have seventeen head of Pure-bred Percheron Stallions at our own breeding farm on hand to select from. You can see their sizes and dams, and if you cannot choose one from the lot to suit you we will give you every other stallion in our power. Write at any time—Address:

GEORGE LANE (Desk B.), CALGARY, ALBERTA

FARMERS BREED PERCHERONS

The only breed of draft horses ever shipped back to England from Canada for breeding purposes were Percherons.

The greatest breed of draft horses in North America are Percherons. The safest investment in draft horses today is Percherons.

A profit to own—a pleasure to handle.

You will make no mistake in your horse breeding this year if you use a Percheron sire.

Steer Warships by Wireless

During Experiments Destroyer Was

Manoeuvred With Not A

Single Man Aboard

The British Admiralty reports con-

siderable progress in recent tests of

applying wireless control to vessels

and torpedoes. Warships with crews

of only a few men are regarded as an

early possibility as a result of experi-

ments. The Daily Mail says: "By us-

ing hertzian waves the wireless wizar-

ds of our fleet have succeeded in

controlling torpedo craft from a dis-

tance of some miles. During these

experiments a destroyer was manoeuv-

red by wireless with not a single man

aboard. By touching the wheel, a

vessel is easily steered by the invis-

ible force. Ships' searchlights were al-

so turned by wireless."

SAFE AND EFFICIENT

HOME TREATMENT

Many Weak and Ailing People Who

Have Been Helped Strongly

Recommend Dr. Wil-

liams Pink Pills

There is only one way to build up

a run down system if the blood is

pale and thin. Many diseases are

caused by thin blood. Other discas-

es, such as influenza and rheumatism,

cause the blood to become thin and

the wasting effect of these disorders

cannot be combated successfully until

the blood is restored to its normal

condition.

Pallor, nervousness, indigestion,

sleeplessness, headaches, dizzy spells,

shortness of breath, palpitation of the

heart, these are a few of the symp-

toms of an anemic bloodless condi-

tion. Some of them are not naturally

associated with thin blood, but the

quickest way to overcome them is to

make the blood rich and red.

Dr. Williams' Pink Pills do one

thing and do it well. They build up

the blood-increasing the number of

red corpuscles. As this is done the

blood becomes a richer red and is

able to carry more oxygen, the great

supporter of human life. As the

blood improves in quality the tissues

of the body are better nourished and

the functions of the body are better

performed. The glands of the stom-

ach are stimulated and the first sign

of improvement is usually a better

appetite and better digestion.

Dr. Williams' Pink Pills have been

used for years as a bloodmaking ton-

ic and system builder with such good

results that in every community

there are many people who are re-

commending this remedy to their

friends and to others who are afflic-

ted by the same troubles.

Here is the statement of one per-

son among thousands who have used

Dr. Williams' Pink Pills to their own

great advantage. Mrs. A. Veniot,

Hempstead, N. S. says: "For about

three years I have suffered from in-

digestion, which seemed to carry

with it a complication of other trou-

bles. Every meal I took brought

with it nausea, as it was followed by

pain, and sometimes nausea and vom-

iting. At other times gas would form

in the stomach to such an extent that

my heart would palpitate at an alarm-

ing rate. These conditions brought

on extreme nervousness and irritabil-

ity, and I found my general health

so much affected, that the least ex-

ertion would tire me and I slept but

poorly. I had been doctoring for

several months with no result beyond

slight temporary relief, when I was

advised by a friend to try Dr. Wil-

liams' Pink Pills. I decided to follow

his advice and got half a dozen boxes.

Good results soon began to show

from the treatment, and the further

continued use of the pills have made

me a well woman. I can cheerfully

recommend Dr. Williams' Pink Pills

to similar sufferers.

The purpose of Dr. Williams' Pink

Pills is to build up the blood. They

do this one thing and they do it well.

They are an invaluable remedy in

disorders arising from bad or deficient

blood, as rheumatism, neuralgia, after

effects of the grip and fevers. The

pills are guaranteed to be free from

opiates or any harmful drug and can

not injure the most delicate system.

You can get these pills through any

dealer in medicine, or by mail at 50

cents a box or six boxes for \$2.50

from The Dr. Williams' Medicine Co.,

Brookville, Ont.

Squirrels As Big As Cats

There is no country that can rival

North America for the great number

of squirrels, both species and subspe-

cies, represented in her fauna. In so

far as brilliancy of color and size are

concerned, however, says the Ameri-

can Forestry Magazine of Washing-

ton, the handsomest and largest of

squirrels in the world are found in

the Orient and the East Indies, along

the coast of Malabar is found a squirel

as big as an ordinary cat; this animal

is bright red on the upper part

of its body, offset by the most intense

black, while all the lower parts are

of a clear yellow.

A smile is cooler in summer and

warmer in winter than a frown.

Horse Shortage Is Acute

What Are The Prospects of The Draft

Horse Business

The pamphlet of the Northwest farm-

ers just published, contains some inter-

esting information for horsemen.

Horses from this continent are go-

ing to Great Britain. Buyers from

France, Belgium and even Japan are

over here now looking over the situa-

tion. In Germany the farmers are

forced to use any animal they may

have to do their work. Nearly every

European country is shy of horses.

It is reported that as soon as the

exchange rate becomes more nearly

normal, that these countries will be-

gin to place orders here.

Here is an extract of the Weekly

Bulletin of the Department of Trade

and Commerce, March 15th, 1920.

"Bristol, England, Feb. 17, 1920.

Investigations have been made into

the present market for horses in this

district. The position seems to be

that as far as light horses and heavy

horses with thick, well-feathered legs

such as Clydesdales, Shires, etc., are

concerned, there is no demand for

Canadian horses. Many horses, how-

ever, which were imported from Cana-

da for war purposes were disposed of

by the government in this country

with the result that the heavy horses

with clean limbs have become very

popular, as it is found that, as com-

pared with the animal with heavily-

haired legs, which catches so much

dirt and grime, they do not require

so much cleaning and are quite as

suitable for many branches of work.

There are therefore good possibilities

for the importing of heavy clean-lim-

bod horses, such as Percherons from

Canada.

The prices at present are very high

and range on the average from £125

to £250 per horse.

If any Canadian is in a position to

ship these horses to this country they

would likely find a good demand, pro-

vided of course that the shipments

would be made gradually so as not to

load the market.

On hearing from a Canadian ship-

per that he was going to put him

in touch with a horse dealer who has

been in the trade for many years and

has customers in various parts of the

United Kingdom. He would be pre-

pared to handle the horses, and prob-

ably, if necessary, be willing to go or

send some one to Canada to select

horses most suitable for the market."

All Are Not Profiteers In These Days

H. L. Hughson of Whitford Re-
fused to Raise the Price of
Hay He Sold

Twenty-four dollars a ton for hay. That is the price at which R. L. Hughson of Whitford has sold out the last of a 200-ton supply to neighbors who needed it for their stock, at a profit of 10 cents. On Monday last \$17.50 was paid for a ton of Timothy. Mr. Hughson is one of the pioneers of the Whitford district. He had a long and hard fight, but has prospered. The early snow of last October found him with a large acreage of grain in the stock. He had a herd of good cattle and a bunch of horses to provide for through the winter, but had an ample supply of hay for the Mr. Hughson decided that he would not be found himself with hay to sell, worth twice \$24 a ton. Mr. Hughson considered that was as much as any man should be called upon to pay, and sold at that figure. Many of his neighbors who had sheaves to sell disposed of them at a fixed price of 7 cents, refusing to raise the price above that figure. In times like these it "listens good" to know that men refuse to take advantage of the misfortunes of their neighbors. The country is better because of such men.

Sunny Brea School.

The Winter of 1919-20 in Alberta.

(By Harry Age 13 years)

In the Spring of 1919 the farmers put in their seed grain. Very little rain came and the grain began to fade away. The clouds would come very thick in the sky, but the wind would blow the clouds away and the sun came out as bright as ever. At last some rain came and it saved some of the crop. The men had a hard time to cut it because it was in patches. Before all the vegetables were hauled the snow and frost came and destroyed them. Through the winter hundreds of cattle died for the want of feed. The threshers came through the cold winds and deep snow they managed to get the grain threshed. There was only two weeks of mild weather at Christmas. The rest of the winter was very cold. We were expecting the snow off the ground two weeks ago but it has not gone yet. Nearly every other morning the roads are drifted in and it is hard to get to school. We still have snow on the ground and it is now after April 15th.

The Winter of 1919-1920.

(Eric Richardson Age 12)

In the spring of 1919 despite the lack of moisture the Canadian farmer put in as much land as possible. For a long time it did not rain and just when it seemed to be about to rain the clouds would blow away and the sun would shine harder than ever. At last when it did rain the crops were almost gone and the rain did not do much good.

At length just as the farmers were digging potatoes and their wives baking for the threshers it froze hard and it began to snow. Many potatoes were frozen and it rendered threshing hard.

The snow was soon piled so deep that I had to go to visit my traps on skis.

Soon nearly every one was out of feed and the depth of the snow made it harder to draw feed.

We had a mild spell at Xmas but after that it kept a steady cold, sometimes below as low as fifty-five degrees below zero. In the middle of March we had hopes of spring but again today, the fifteenth of April, it is again snowing.

As I live near the school I have not missed a day during the winter.

Steamship tickets may now be had to Europe and all information regarding rates and sailings may be obtained from local G.T.P. agent.

on Saturday afternoon May 1st, as
this promises to be a very import-
ant meeting. The discussion of
wider incorporation will be further
carried on.

Garden Notes.

Live on your garden next sum-
mer and reduce the high cost of
living.

Farmers, plough the garden plot
first before going out on the land
and give the women folks a chance
to put in early vegetables, radishes,
lettuce, peas, beets, carrots, etc.
Later vegetables, beans, corn,
squash may be sown about May 24.

To prepare the home garden to
yield big crops of vegetables, a
wheelbarrow load of manure to
every two square yards of ground is
not too much.

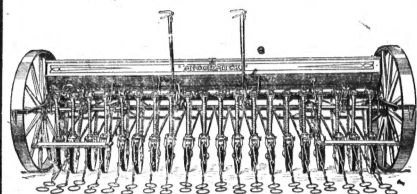

It saves time to have a garden
plowed, but digging is better, be-
cause it goes deeper and brings to
the surface virgin soil. Deeply dug
or plowed soil retains moisture
longer. Dig deeply.

Newly broken soil makes a good
garden, if it is well disced and
worked.

Plan your garden on paper with
a pencil. Radish, lettuce, spinach,
onions, from seeds or sets; carrots,
beets and peas may be sown as soon
as frost is out of the ground. Do
not sow all the radish and lettuce
seed at one time, sow at intervals of
ten days, and according to the size
of the family.

Have a small garden well planned
and kept rather than a large garden
where the weeds will get ahead of
you.

Local Weekly Happenings In Irma and District

J. W. Gialen, manager of the Co-op spent Monday in Edmonton.

Mr. and Mrs. W. L. Mildon were visitors at Wainwright last week.

Mr. and Mrs. P. J. Hardy have been spending a few days in Edmonton.

Mrs. F. M. Hill and daughter returned from Edmonton Tuesday. Roy Whyte paid a visit to Viking Tuesday night.

Mrs. L. Curties returned to Edmonton Monday after spending three weeks with her mother Mrs. E. J. Armstrong.

E. W. Carter has resigned his position with the Co-Op Co. Ltd. to accept a position with C. T. Hill & Son at Strawberry Plains. Mr. H. Mildon is filling Mr. Carter's position at the store.

The Irma branch of the G.W.V.A. are holding a grand ball on Friday, May 30th. Proceeds go in aid of building fund, now being raised to build a rest and reading room.

The time is fast approaching when our citizens must be in shape to think of the back-yard. The accumulation of rubbish over the winter is an eyesore and for the sake of health in community and the beauty of the town it should be removed at the earliest opportunity. Clear up, clean up.

Rev. Geo. O. Fallis and family are visiting at the Parsonage. Mr. Fallis is a member of the Methodist Conference of British Columbia, and is returning to his work after nearly five years overseas. He was director of chaplain service in France during the latter part of the war and ranked as colonel in the army.

Ladies' Aid.

The annual meeting of the Ladies Aid will be held in the church on Wednesday, April 28th. 3 o'clock sharp. We would like all the ladies in the district to try and attend this meeting. Election of officers and plans to be made up for the coming year. Please accept this as an invitation to come and help the good work along.

Mrs. G. A. Tripp, sec'y.

Irma L. O. L.

A special lodge was held on Thursday, April 15th which was well attended. Brothers W. Ketchin and S. J. Brown were advanced to the royal blue degree. Brother W. Jenkins the delegate to the Grand Lodge at Calgary gave a very good report of the doings there and an interesting discussion followed.

The next lodge will be held on Wednesday, April 28th, when the royal arch purple degree will be put on.

Sunday Services.

11 a. m. Preaching Service at Strawberry Plains.
1.30 Preaching at Sunny Brea
3.30 " at Alma Mater
7.30 " at Irma

Sunday School

Irma 11 a. m.

Alma Mater 2.30 p.m.

C. G. Hockin, pastor

The evening service will be the Anniversary of the Oddfellows. Rev. Geo. O. Fallis B.D. will assist the pastor in his work on Sunday.

Sunday School Organized.

A Sunday School class was organized at Ross school on March 21st, and the following officers and teachers were elected:

Superintendent A. V. Hardy, assistant Mrs. I. H. Peterson, Secretary Miss Myrtle Ambler. Bible class teacher Mrs. I. H. Peterson, young people's class, Mrs. McPherson, intermediate class Mr. A. V. Hardy, primary class Mrs. A. Peterson.

Sunday School every Sunday at 2 p.m.

Seeding Started.

On Wednesday H. W. Love sowed six acres of wheat on his son's farm just west of town. This was on some high ground which had dried off quickly. From general appearances seeding should be general in about a week.

Baseball News.

We notice that the big leagues have started playing baseball. Irma should have a team for 1920 that will very creditably show up with Edmonton and Calgary nines. In 1919 we proved without shadow of doubt that we possessed the best team on the G.T.P. between Saskatoon and Edmonton. All that the business men of the village dug up was \$100.00 and out of that \$72.00 was expended for suits. The team thru its winnings financed itself and has a \$20.00 bank balance. We have two seemingly poor accounts due us, one is the balance of \$70.00 from Wainwright and \$25.00 from Hardisty.

A base ball team is good advertising for a town and district. One or two should not have to do all the rustling to get a team together so let's all get together and boost a 1920 baseball club.

A meeting will be called thru the columns of this paper in the near future.

"BETTER LUMBER FOR HOME BUILDING"

THE IMPERIAL LUMBER CO. LTD.

Canada and the United States

In these days of almost universal unrest, words of advice and warning are so frequently uttered and written that there is grave danger of the public ear becoming dulled, and the old false repeating itself, and the cry of "wolf, wolf" so often sounded being disregarded when actual danger is imminent.

Nevertheless, at the risk of but adding to the alarms given, the writer of this column ventures to declare without equivocation of any kind that danger is threatening Canada, the British Empire, the United States, and through these great English-speaking nations, is threatening the world.

A deliberate propaganda is being engineered throughout the English-speaking world, but more especially in the United States, to create and develop a feeling of antagonism, of suspicion, of hate, between the people of the United States and the people of the British Empire. And because Canada is British, and the next door neighbor of the United States, no stone is being left unturned to arouse an anti-American sentiment among people in this Dominion.

Traced to its source, this propaganda is the work of Germans and German sympathizers. Make no mistake about it. And the writer would say, as a writer in McLean's magazine said recently, "Canadians, don't fall for it." Unanimously declared in the Great War, all her colonies lost to her, and with loss of territory in Europe, her shipping in the hands of her former enemies; her world trade destroyed; her money at a ruinous discount throughout the world; burdened with an enormous debt, and with discontent and rebellion seething at home, Germany is striving almost with desperation to retrieve in piece what she lost at war. Unless she can do so, unless she can gain a new footing in world trade and commerce, Germany's position is hopeless for generations to come.

How is she to even partially regain all that she has lost? She sees but one sure, certain and fairly swift method, and that is to drive a wedge of suspicion and hate between the British Empire and the United States. Accomplish this, and the way is open for Germany to again emerge as a power in the world.

In the United States, the game is being played for Germany by certain politicians of the ward type catering for the German-American and the Irish-American vote. The game is being played by the Hearst newspapers. It is being played by the Sinn Féiners, both in the United States and Ireland.

In turn, the anti-British outbreaks fomented by these classes in the United States are used in Canada and England, but especially in Canada, to arouse a feeling of hostility in this country towards Americans. Full use is made of the discount on English and Canadian money. Retaliatory action is urged against Hearst and other American interests. A policy of nagging and pin-pricking is being encouraged on both sides of the international boundary, not for the advantage of Canada or the advantage of the United States, but in order to

benefit Germany, the enemy of both. With a firm friendship cemented between Great Britain and the United States, it would, in the final analysis, matter little whether the League of Nations became a permanent institution or not, because united they can maintain the peace of the world, divided and suspicious of one another, no League of Nations could be effective.

Upon Canada devolves an enormous responsibility. A former member of the Lloyd George Government said to the writer that great as had been Canada's contribution to victory in the war and glorious as was the position this Dominion had won for itself among the nations, its recent achievements and glory were small indeed compared with the opportunity for world service now thrust upon it. Canada, he said, was in fact, the hostage for the future peace of the world. Sinard, as this country is a loyal and proud British Dominion, alongside the great English-speaking republic, its people had it in their power to bring about a unity in sentiment between the United States and the British Empire which alone could make permanent world peace possible. On the other hand, Canadians had it equally in their power, by unwise and ill-considered action and the development of an anti-American sentiment to do irretrievable injury to a concord between the Empire and the Republic.

Canadians should be on their guard. They should not be led astray by the political scheming, and the pro-German propaganda, across the line. This twisting of the Lion's tail does not meet with the approval of the sound commonsense of the American people. It is the work of a noisy minority. Canadians can afford to treat it with contempt. Don't take it seriously; don't retaliate in kind. Just laugh at it, and keep on striving to create an eternal friendship between the two great branches of the English-speaking family.

France to Purchase Ships From Britain

England is Willing to Negotiate the Sale of Ships

Mr. Bignon, French Undersecretary for the Maritime Marine, announces that he expects important and speedy results from his visit to London and his conversation with British ministers respecting ships and coal.

The attitude of the British authorities was sympathetic and conciliatory, and they expressed surprise at the charge that England is retaining more tonnage than she is justly entitled to at the expense of France.

Mr. Bignon points out that France cannot expect to receive a present of a fleet, but England is willing to negotiate the sale of ships. She had to consider her own position as a sea power, and according to Mr. Bignon France has reason to be grateful to her for her concessions.

HEALTHY CHILDREN ALWAYS SLEEP WELL

The healthy child sleeps well and during its waking hours is never cross but always happy and laughing. It is only the sickly child that is cross and peevish. Mothers if your children do not sleep well; if they are cross and cry a great deal give them Baby's Own Tablets and they will soon be well and happy again. The Tablets are a mild but thorough laxative which regulate the bowels, sweeten the stomach, banish constipation, cool the indigestion and promote healthy sleep. They are absolutely guaranteed free from opiates and may be given to new-born babe with perfect safety. They are sold by medicine dealers, or by mail at 25 cents a box from The Dr. Williams' Medicine Co., Brockville, Ont.

A Fitting Response

Great Britain Claims Nothing More in Ireland Than The United States Did In the South

When Mr. Lloyd George said in the House of Commons that De Valera is putting forward in this country "the same claim in exactly the same language as Jefferson Davis did" and that Great Britain claims nothing more in Ireland than the United States did in the South, "and will stand for nothing less," he made a proper response to the Senate's recent middlemense resolution in favor of the Sinn Féiners. It has never been difficult to put Congress on record in support of the schemes of insurrection, secession and bedecapitation on the part of other peoples, but for some reason or another such doctines as applied to ourselves are always passionately resented. — New York World.

Minard's Liniment Relieves Neuralgia

What He Swept

Master.—Haven't you swept the shop out yet, John?
Boy.—No sir.

Master.—Then what on earth have you been doing.

Boy.—Sweeping the dust out, sir!

Faint and Dizzy Spells. Weakness and Shortness of Breath.

You can generally tell when the heart is affected by the faint and dizzy spells, the shortness of breath, palpitation, throbbing, irregular beating, smothering sensations, weak, shivering, all-gone feeling, choking sensation, etc.

Many men and women become run-down and worn out when otherwise they could be strong and healthy if they would only pay some attention to the first sign of heart weakness.

No remedy will do so much to make the heart regain strength and vigor, regulate its beat and restore it to a healthy and normal condition as Milburn's Heart and Nerve Pills.

Mrs. C. A. S. Drake, Paris, Ont., writes:—"I have used on towards the second box of Milburn's Heart and Nerve Pills and find they have done me good. I had those fainting, dizzy spells once in a while, and also weakness and shortness of breath, and would become so choked up at times I could hardly sleep without sitting up in bed. When we were too far from home to stop and try to catch my breath, I feel a lot better since I have used your pills and know they have helped me wonderfully as I have improved very much."

Printed in a box at all dealers or mailed direct on receipt of price by The T. Milburn Co., Limited, Toronto, Ont.

United States Imports From Alberta Increase

Value of Cattle Exported Amounted To Over Three Million Dollars For 1919

According to the report issued by the United States Consul at Calgary, S. C. Reat, the exports from the province of Alberta to the United States for 1919 show a large increase of approximately \$7,000,000 over the total declared exports for the previous year.

The total declared exports from the province for 1919 was valued at \$17,585,332, as compared with the total exports for 1918, valued at \$10,032,005. Of this this total for 1919, \$10,994,387, "was invoiced through the Calgary office, \$4,895,324 through the consular agency at Edmonton and \$1,695,621 through the consular agency at Lethbridge.

Cattle headed the list in the Calgary office with a value of \$3,853,131 in 1918. Hides came next with a value of \$677,919, being an increase of 100 per cent. over the previous year. In meat and meat products, there was a decrease of \$1,147,909. The export of wool shows a marked increase—from 12,361 pounds, valued at \$26,536 in 1918, to 243,756 pounds, valued at 142,594, in 1919.

Since December 15, 1919, when the embargo in the United States on wheat was lifted, 143,343 bushels, valued at \$339,248 have been exported up to January 1, 1920. Oats show a slight decrease in quantity and value amounting to only \$317,073. Butter shows an increase of over \$100,000, the total value of the export in 1919 being \$139,121.

The principal article exported from Edmonton was raw fur, valued at \$1,833,996, an increase of \$74,199 over 1918. Ranking next in importance was the export of meat, valued at \$1,176,675. In 1918 the value of meat exported from Edmonton amounted to \$616,695. The value of cattle exported amounted to \$485,427, which in 1918 amounted to \$14,796.

British Columbia to Change Road Rules

Act to Change Rule of the Road Introduced in Legislature

Legislation to amend the highway Act to the extent of changing the rule of the road in British Columbia has been introduced in the Legislature by the government. At present the practice is to drive by the left. Under the new legislation the greater portion of the province would adopt the new rule in July next, but Vancouver Island and those sections of the mainland served by the British Columbia Electric Railway Company would be given until December 31, 1921, to effect the change. The reason for this is that the railway company will have extensive alterations to make in its track and cars, involving, according to its own officials, an expenditure of from \$700,000 to \$1,000,000. This money will eventually come out of the public, either through increased street car fares due by taxation if the government elects to pay the bill.

The change in the rule of the road is to be effected on the ground that the right hand drive prevails practically throughout the North American continent. Tourists from the United States and other parts of Canada coming to British Columbia have in the past experienced difficulties because of the left hand drive in this province.

Salmon Ship Sails For the Far North

Must Take Entire Season's Supply Of Food As Well As Clothes For Workers

San Francisco, California. — The Star of Russia is the first ship of the Alaska Packers to sail this spring for the far north. Each cannery of that company is supplied by one of the famous 18 "star" ships, which are among the last of the old square-rigged vessels once so common in the Pacific. The ship must take an entire season's supply of food, cans and machinery, as well as clothes for the workers, as most of the canneries of the Alaska Packers are too far away from any dependable source of supply to permit replenishing their stores during the busy fish "run." At the cannery the ship secures a combination of warehouse and store at which the cannery workers and native Indians supply their needs for the entire year. At the end of the season the season's pack is loaded aboard and the ship again sets sail for the Golden Gate.

DAD! YOUR HAIR IS FALLING FAST

"Danderine" Will Check That Ugly Dandruff and Stop Hair Coming Out.

To stop falling hair at once and rid the scalp of every particle of dandruff, get a small bottle of "Danderine" at any drug or toilet counter for a few cents, pour a little in your hand and rub it into the scalp. After several applications the hair usually stops coming out and you can't find any dandruff. Soon every hair on your scalp shows new life, vigor, brightness, thickness and more color.

Not Exactly A Triumph Arthur (bitterly).—I suppose you consider it a triumph to make a fool of me?
Joan (sweetly).—Oh, no! A triumph means accomplishing something that was very difficult.

A Constipation Cure

A druggist says: "For nearly thirty years I have commended the Extract of Roots, known as Holter's Big's Curative Syrup, for the radical cure of constipation and indigestion. It is an old reliable remedy that never fails to do the work. 30 drops three times daily. Get the Genuine, at druggists."

Save the surface and you save all! Paint & Varnish

IT ALWAYS BEGINS ON THE OUTSIDE

Whether it's wood or metal, everything inside and outside the house begins to wear on the surface. The moment the surface is exposed, decay and rust attack it. So that everything with a surface needs protection. "Save the surface and you save all." Paint and Varnish.

MARTIN-SENOUR PAINTS AND VARNISHES

Give your surface protection for everything about the house—for outside wood, brick and stucco—for metal roof and metal trimmings—for floors, walls and furniture. Paint for protection as well as for appearance. And use the Paints and Varnishes that have proved their protective qualities under every condition of climate and weather—the time-tested Martin Senour products.

Ask for copies of our two books—"Town and Country Homes" and "Floors—Spice and Soap"—all free of charge.

Kinsella News

We are much pleased to learn that Mrs. Wilson is much better. Mrs. Wilson has been very ill for a long time.

The Leap Year dance given by the ladies of Kinsella in Overbo hall on Friday March 26th, was well attended. The music was furnished by the Irma orchestra.

A cow was sold at Kinsella on Saturday, March 27th, under the stray animal act by P. R. Ramsey J.P. The price being \$27.00.

Thom Skort returned home from attending school at Olds, Alberta, most of the winter.

Miss Lund of Viking has accepted a position in P. Wangness' general store.

Sid Sense was unfortunate in having a five-year-old gelding killed on the track just east of town.

George Jewett is leaving for Manville where he will visit his relative and then go on towards the coast.

C. Stouffer arrived home from Olds, where he has been attending school most of the winter.

Messrs. Hulbert and Marshall has left for Edmonton on an extended trip.

Dick Hong has been in the district for a few days. He will likely make himself at home here for the summer.

Axel Anderson had a sale on his farm south of Kinsella on March 28th. We understand everything sold real well.

Thomas Jones is completing his place of business. He is at present decorating the interior and will move in town from his farm any day now.

Elk For Jasper Park.

A shipment of 92 young elk from the Yellowstone National Park, U.S.A., has been received at Jasper Park, Alberta, and are being placed in the Valley of the Athabasca, which is a splendid range and natural habitat for wapiti. This shipment represents part of a herd being purchased by the Dominion Parks department for distribution to the National Parks of Canada.

Spring weather is here at last. The roads are in an awful shape but ought to dry up soon with a few days of warm weather. The snow is disappearing fast. Let it go. Its been here long enough.

Many Cattle Die.

Seven thousand cattle have been destroyed in Alberta because of feed shortage. This includes the entire province. Conditions are now worse in the north, where there is some feed but where farmers cannot get at it because of the deep snow. W. Stevens secretary of Alberta Cattle-men's Protective Association says that its members have had no big losses but that most of the losses have occurred among small stockmen and farmers. W. Woolsey reports that conditions are bad in the north on account of the heavy snow. He heard of a farmer in the north committing suicide because of his losses but could not certify the report. Condition in Southern Alberta are not as bad according to officials of the United Grain Growers.
